

MUTATIONS™

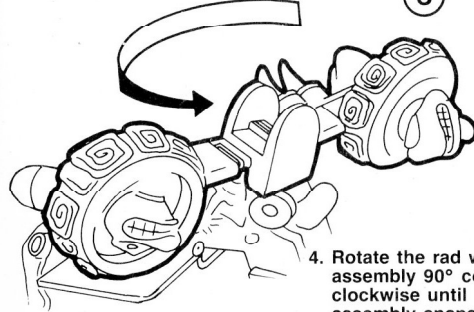

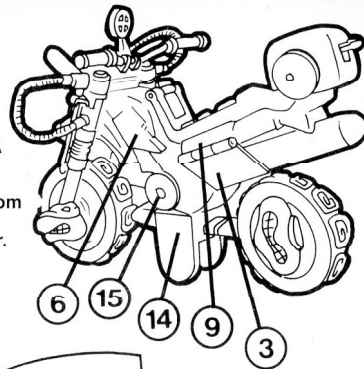

TEENAGE MUTANT NINJA

TURTLES®

DIRECTIONS

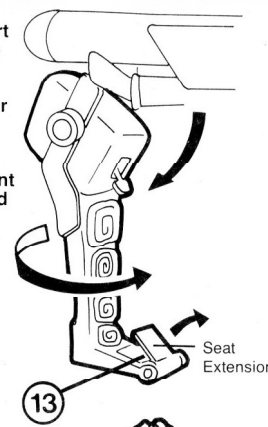

(See diagram A for assembly instructions)

1. To mutate from Dirt Bike to Gonzo Glider.

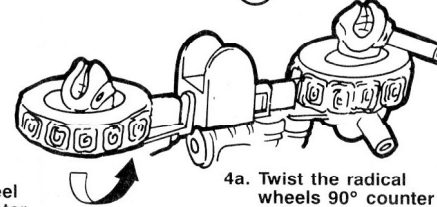

4. Rotate the rad wheel assembly 90° counter clockwise until assembly snaps into locked position.

2. Turn the dirt bike upside down. Pull down the Super-sewer seat and rotate-seat towards front of bike. Fold down seat extension.

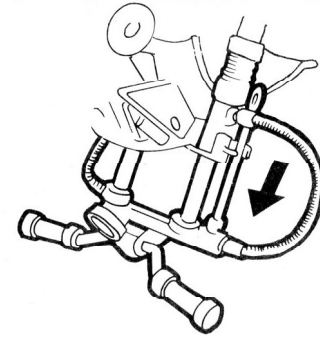

Seat Extension

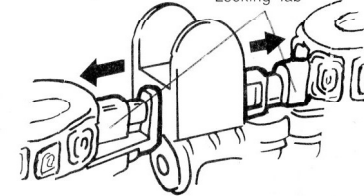

4a. Twist the radical wheels 90° counter clockwise (upward) as shown.

3. Pull down the Hold-on Handlebar assembly to release the Rad Wheel assembly.

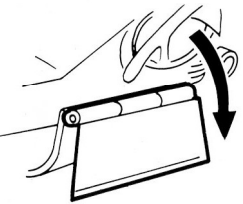

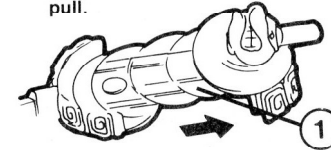

Turtle Tire Locking Tab

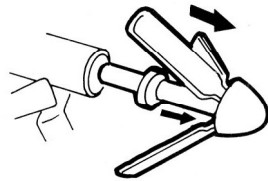

6. To lock the Wild Wind Wings in a horizontal position. Pull out the Turtle Tire locking tabs on the rad wheel assembly and position between Turtle Tire detail as shown.

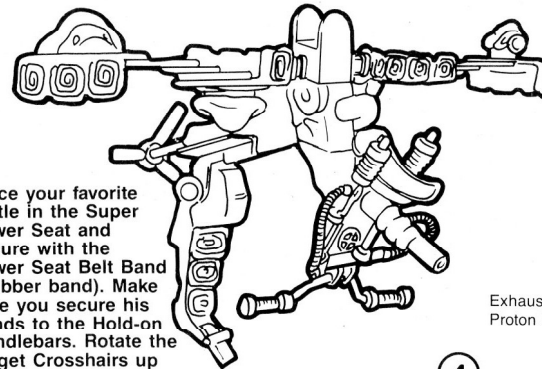

5. Slide apart the Turtle Tread Tires to expose the Wild Wind Wings. To fully extend wings, place thumb and forefinger at gaps on each side of the Turtle Tread Tires and pull.

7. Pull down the wind stabilizers on each side of glider.

8. To mutate exhaust pipe into Proton Propeller, pull out exhaust pipe nose cone until it locks into position. Make sure to push the "O" ring down on the nose cone to lock Propeller into place as shown.

9. Place your favorite Turtle in the Super Sewer Seat and secure with the Sewer Seat Belt Band (Rubber band). Make sure you secure his hands to the Hold-on Handlebars. Rotate the Target Crosshairs up into position.

10. As shown in Diagram B, pull Pizzas off side of Toaster and place in slots of Toaster. Press down lever to launch Pizzas into the face of the Foot Clan. PLEASE NOTE: TO MUTATE BACK INTO THE MUTA-BIKE, REVERSE THE INSTRUCTIONS.

ASSEMBLY

- Snap the Target Terminatin' Crosshairs to the middle of the Hold-on Handlebars.
- Plug the Muta-tubes (2) to the front forks and the Hold-on Handlebar assembly on each side of the Muta-Bike.
- Snap the (2) Turtle Claws to the Rad Wheel assembly as shown.
- Apply labels 1-15 as shown.
