WARNING!

The Teenage Mutant Ninja Turtles Tournament Fighters Video Game from Konami is really cool and may become habit forming. If you play the game till your thumbs are sore, you may wish to stop and take a radical rest. This could be a perfect time to read the video game instructions or go outside and get some fresh air. Remember . . . it's only a game, dude!

The secret tips you are about to read are only available here in this top secret video game Turtle tip book. Do not allow this book to fall into the hands of your opponents. Otherwise, your battle play would be an even match — and you want to win! So before you can read any further, you must take the Tournament Fighters oath of secrecy.

Tournament Fighters Oath of Secrecy

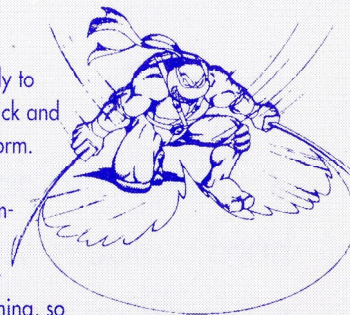

I, (state your full name and any nicknames), being of sound mind and strong thumbs, do hereby pledge to keep my eye-hand coordination at its peak efficiency and to always play for the glory of the high score. I shall read the whole set of instructions and practice all the moves that are written within. I promise not to neglect any of my other duties for the sake

of being a vegged-out vidhead, and I will always take breaks when I play. Let it be known that I, (state your full name and any nicknames), have dedicated my life and my beliefs to the sanctity and purity that is the Teenage Mutant Ninja Turtles Tournament Fighters and shall keep all its secrets to myself and blabber to no one. All this I do solemnly swear.

The Following Special Attack Moves are for the Super Nintendo Game

Leonardo

Leonardo is always ready to fight. His moves are quick and deadly, yet easy to perform. When you are using Leonardo to fight, remember, use your head. Leonardo is best at strategy and advanced planning, so don't just blindly whack away. You need to have a plan. The following moves work differently on different opponents. It's up to you to find which move is best against which opponent.

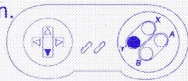

Michaelangelo

The party is over — for anyone who takes on Michaelangelo, that is. This party-hearty, hard shelled hero takes on all comers with more speed than any other Turtle. Michaelangelo uses his speed with great effectiveness in lightning attacks and speedy recovery. But when it comes time to finish off his opponent, it's time to use the moves below. Each one of these moves works great, but you'll have to figure out which move against which opponent works best.

The Tons o' Turtle Drop

Just as Donatello is about to land on his unsuspectin' prey, press the down button, then the Y button.

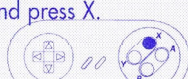

The Back-up Back Flip

Press back twice and watch the wonder.

The Turtle Toss

Move Donatello toward his opponent and press X.

The Donatello Dynamite Head Butt

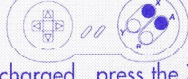

Send Donatello towards the other fighter and press A.

Donatello's Ultimate-Attack Move:

The FIRE DRAGON

Donatello brings the spirit of the Dragon to roost and shoots him out in a fiery wave.

When Donatello's attack gauge is fully charged, press the X & A buttons together. (Hint: Back Donatello up so that his opponent gets a good face full of the dragon.)

The Bashin' Body Blow

While Leonardo is high in the air above his opponent, press the down button, then the Y button.

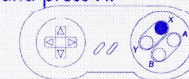

The Back Bendin' Back Flip

To impress your friends and avoid a nasty blow to Leonardo's head, simply press back twice.

Over-the-back Bad Boy Bounce

Advance toward Leonardo's opponent and press X.

The Whippin' Whirl Throw

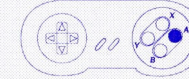

As you move Leonardo towards his opponent, press A.

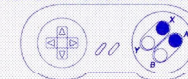

Leonardo's Ultimate-Attack Move:

The MILLENNIUM WAVE

Leonardo thrusts out his arms and sends out a barrage of shock waves.

When Leonardo's attack gauge is fully charged, press the X & A buttons together. (Hint: Back Leonardo up so that he doesn't shoot his shatterin' shock waves past the other fighter.)

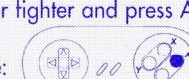

The Turtle Trash Toss

To toss the trash, move Michaelangelo towards his opponent and press X.

Super Sonic Spin Cycle

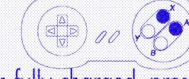

Move Michaelangelo towards the other fighter and press A.

Michaelangelo's Ultimate-Attack Move:

The DANCE OF FURY

Michaelangelo just goes nuts and starts to kick and punch with no end in sight.

When Michaelangelo's attack gauge is fully charged, press the X & A buttons together. (Hint: Back Michaelangelo up so that he can get a good run at his opponent.)

The secrets you have learned in this fabulous Tournament Fighters Video Game Tip Book are your secrets to victory; it is your responsibility to practice them with the dedication of a true Kung Fu master. Remember the code of the Teenage Mutant Ninja Turtle Tournament Fighters — "Let no one know what you know -- and always fight to win!"

Power up and good luck!

Raphael

Raphael is a hot-tempered hero fighter. His anger and attitude give him the extra edge. He likes to attack in short slicin' an' dicin' moves with his sais. Remember: come in low and attack high. The following moves can be used on any opponent Raphael comes across. You must, however, find the move that inflicts the most damage.

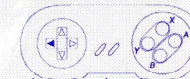

The Half Pike Body Press

When Raphael has jumped and he's just above his opponent, quickly press the down button, then the Y button.

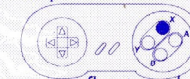

The Dual Rotational Retreat

When things are gettin' hairy for Raphael, press back twice.

The Blind Back Toss

When you want Raphael to send his opponent flyin', and you don't care where he lands, then have Raphael move towards the other fighter and press x.
